

Safety Data Sheet
29 CFR 1910.1200

Section 1: Company and Product Identification**Product Name:** ALDEHYDE C-11 UNDECYLENIC

Company: THE JOHN D. WALSH CO., INC.
25 EXECUTIVE PKWY.
RINGWOOD, NJ 07456

Emergency 24 HOUR EMERGENCY NUMBER**Response:** CHEMTREC (800) 424-9300**Section 2: Hazards Identification**

BLANK

GHS07

BLANK

BLANK

Hazard Pictograms: 

Signal Word: Warning**Hazard Category:** Flammable Liq Cat 4**Hazard Statements:** H227: Combustible liquid

Precautionary

P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking
P280: Wear protective gloves/protective clothing/eye protection/face protection
P370+378: In case of fire: Use water spray, alcohol resistant foam, dry chemical or carbon dioxide for extinction
P403+233: Store in a well ventilated place. Keep container tightly closed
P501 - Dispose in a safe manner in accordance with local/national regulations

Section 3: Composition / Information on Ingredients

SUBSTANCE	CAS #	Weight %
10-UNDECANAL	112-45-8	*100

Section 4: First Aid Measures

Notable Exposure symptoms: Tingling/irritation of skin, irritation of eye tissue.

If ingested: NEVER: Give anything by mouth to an unconscious person. Rinse mouth with water. Immediately after ingestion: give lots of water to drink. Do not induce vomiting. Ingestion of large quantities: seek immediate medical attention

If inhaled: If having difficulty breathing, remove to fresh air. Obtain medical attention if asthma-like symptoms or other symptoms develop.

Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do. Get medical attention if irritation develops or persists.

Skin contact: Take off immediately all contaminated clothing. Rinse with water thoroughly. Get medical advice if irritation develops or persists.

Additional Info: Observe for any symptoms for several hours after exposure. Follow up with medical attention if symptoms develop.

Section 5: Fire Fighting Measures

Extinguishing Method / Water spray, alcohol resistant foam, dry chemical or carbon dioxide for extinction. Firefighters should

Equipment: wear self-contained breathing apparatus (SCBA) and full protective equipment.

Hazardous Decomposition Info: Constituents associated with burning / CO and CO₂ formed, Reacts with strong oxidizers. Reacts with organic material. Risk of spontaneous ignition.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and procedures: Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Wear appropriate protective equipment and clothing during clean-up. Avoid breathing vapors. Ventilate area if easy to do so. Contact local authorities if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. Prevent dust cloud formation, e.g. wetting.

Containment Equipment and Procedures: Large Spills: Contain actively spilling material if safe and easy to do so. Dike the spilled material, where this is possible. Utilize absorbent clay or sand to contain and stop spreading material.

Small Spills: Utilize absorbent clay or sand and transfer to waste receptacles. CAUTION: If product is absorbed on paper or cloth, used absorbents should be kept wet to avoid autoignition.

Cleanup Procedures: Collect all contaminated clay, media, or other cleanup materials into a waste receptacle. If cleaning surface is necessary, utilize mineral spirits or other solvents, provided adequate ventilation is available.

Section 7: Handling and Storage

Safe Handling Precautions: Do not handle until all safety precautions have been read and understood. Do not handle near an open flame or sources of ignition. Ensure adequate ventilation. Take precautionary measures against static discharges. Avoid breathing vapors. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Wear appropriate personal protective equipment.

Recommendations for Storage: Store in cool area in product container away from sources of ignition or flame. DO NOT STORE: In open or unlabeled containers, with oxidizing agents or alkies.

Section 8: Exposure Control / Personal Protection

General / Engineering Controls: Local exhaust ventilation should be utilized to control vapors / substances below exposure limits. Eye wash facilities must be available when handling this product.

Work Clothing: Protective work clothing which covers skin and prevents exposures.

Eye/face protection: Wear safety goggles or face shield.

Skin Protection: Wear solvent resistant gloves.

Respiratory Protection: Utilize organic vapor respirator if airborne levels are not maintained below exposure limits, or if ventilation is inadequate.

Additional Information: Observe good chemical hygiene practices. Do not smoke or eat while using this product. Wash hands or exposed skin after using the product. Eyewash fountains and emergency showers are strongly recommended.

Section 9: Physical and Chemical Properties

State: Liquid	Relative Density .84g/mL @ 25°C	Flash Point 97C
Color: Colorless to light yellow	Boiling Point/Range: 235°C	pH Not avail
Initial Boiling Point 223C	Odor: Fatty, rose like on dilution	Water Solubility: Insoluble
Flammability Classification Not avail	Melting Point: 7°C	Vapor Pressure: .074 mmHg @ 20C
VOC Content (lbs/gal): Not avail	Flash Point: 169°F	Autoignition Temp: Not avail

Section 10: Stability and Reactivity

General: This product is stable and non-reactive under normal conditions of use. Product is not subject to hazardous polymerization. Avoid open flame and ignition sources. Avoid exposure to light. This product gradually oxidizes when exposed to air.

Incompatible materials: Strong oxidizing agents, strong bases.

Decomposition products: No decomposition products known.

Section 11: Toxicological Information

Toxicological Information (contained substances)

Substance (name)	LD50 Oral	LD50 Dermal
10-UNDECANAL	>5,000 mg/kg(Rat)	>5,000 mg/kg (Rabbit)

Carcinogenicity or mutagenicity: Not classified

Sensitization: Not classified

Section 12: Ecological Information

Degradation / Mobility info: No information available

Bioaccumulative potential: No information available

Section 13: Disposal Information

Product disposal: Dispose of product in accordance with local, regional, and national regulations. Consult with waste contractor.

Container disposal: Dispose of waster material according to Local, State, Federal, and Provincial Envirnomental Regulations.

Section 14: Transport Information

DOT GROUND NON NOT REGULATED

BULK:

IMO/IMDG: NOT REGULATED

IATA: NOT REGULATED

Section 15: Regulatory Information

TSCA: YES LISTED

CERCLA RQ: NOT LISTED

SARA 311/312: YES LISTED

SARA 313 NOT LISTED

California Prop 65 NOT LISTED
Substances:

HMIS H:1 F:2 R:0

Section 16: Other Information

Version Date: 2/1/2016
