

EXCELLENCE IN MINT

Partnering with You in Mint

Thanks to our partnership with Essex Laboratories, Firmenich offers the richest mint portfolio in the industry, with unparalleled global sourcing, and a fully traceable and sustainable value chain.

OUR EXCELLENCE IN MINT

**RICHEST MINT
PORTFOLIO**

**LEADING SUSTAINABILITY
& TRACEABILITY**

**UNPARALLELED
GLOBAL SOURCING**

Offering the world's finest mints from field to shelf.

Firmenich's expertise and Essex's unique natural breeding program coupled with an unparalleled portfolio of Mint tonalities enables us to design tailor-made essential oils and captivating flavors.

With access to a network of the best growers in the world, Firmenich offers increased production capabilities in blending, purification, and fractional distillation of Mint essential oils.

Through our natural breeding program we are constantly developing new disease-resistant Mint varieties to expand our range of cost-effective and exclusive tonalities, in a sustainable and fully traceable way.

We combine outstanding innovation, commitment to sustainable farming and sourcing to guarantee year-round volumes of the ultimate quality mints for our customers.
